UPWAY LEON

UPWAY LEON is a versatile 29.20-meter utility support vessel built to provide reliable offshore, harbor, and coastal marine services. Powered by twin 1,800 HP Yanmar engines, the vessel is designed for efficient logistics, towing assistance, firefighting support, and offshore operations, delivering safe and dependable performance in demanding marine environments.

Key Capabilities

Offshore logistics and utility support | Harbor and coastal marine operations | Towing and vessel assistance
FiFi (Firefighting) support with twin fire monitors | Cargo, equipment, and personnel transportation
Twin 1,800 HP Yanmar main engines | Service speed of 10 knots | Accommodation for 15 personnel
CRS Class certified for offshore operations
